

Dear Beloved Patients:

I have been honored to serve you these past years, and have thoroughly enjoyed working with each and every one of you!

As of August 25, 2010, I will be closing my downtown office to pursue teaching, writing and researching in the areas of vision therapy, energy medicine and wellness. However, I will continue office hours two days a week at my home office in Tesuque starting September 15. Here I will specialize in vision therapy, learning challenges in children, and wellness.

My office number, 984-2030, will remain the same. If you wish to come for a vision evaluation in the context of vision therapy, please call for an appointment.

If you want a medical eye exam or glasses/contacts prescription, I suggest going to a qualified optometrist-there are many in the phone book! If you want an optometrist who does what I do, but just want an eye exam, visit www.covd.org, or www.oep.org.

**I will post all of this information on my website:
www.newattention.net. Click on “Dr. Berne’s
practice.” There are places to order your vitamins,
herbs, eye drops and essential oils.**

I look forward to serving you!
